

Sept. 6, 2023

Dear valued patient,

Our clinic has several upcoming changes we'd like to share with you. First, we are excited to announce that in mid-September, the clinic will move to a new location and get a new name. Enloe Female Pelvic Medicine & Reconstructive Surgery will become Enloe Urogynecology, located inside Enloe Women's Services – North, at 1423 Magnolia Ave. in Chico. Our phone and fax numbers will remain the same.

Additionally, the practice will limit the diagnoses it accepts. The diagnoses we will no longer see are pelvic pain, bladder pain, sexual dysfunction and recurrent urinary tract infections. If you are receiving care at our clinic for one of these diagnoses, we will continue your care for the next 60 days while you find a long-term provider.

If your diagnosis is listed, please refer to this list of urogynecology practices accepting new patients. Once you choose a new place of care, please call our office so we can send a referral.

If your diagnosis is not listed above, you will receive the same great care at our new location. We will continue to accept the same insurance plans.

If you have questions, please feel free to contact us.

Sincerely,

*Dr. Melissa Dawson*
